Join Us for Townie Meeting 2013

Since being a Townie means more than just having a login name and password on Dentaltown.com, Townie Meeting gives you the chance to bond face-to-face with other dentists. Whether in a CE course or out painting the town red, Townie Meeting gives you an opportunity to form life-long relationships and network with other dental professionals. Townie Meeting has an equal focus on learning and hobnobbing; it's the biggest dental party in the world, with some great CE tossed in.

On Dentaltown.com, you meet tons of new people – dentists, hygienists and support staff. Eleven years ago, Dr. Sameer Puri (“socalSAM”), a West Coast dentist, and Dr. Tarun Agarwal (“T-bone”), an East Coast clinician, decided they wanted to actually meet, in person. They had a long history of conversation on the Dentaltown.com message boards and valued each other's opinions but had never met face to face. Townie Meeting was born and has since grown to be one of the most talked about dental shows each year.

Mingle with new friends and old at tons of social events, attend top-notch CE courses by renowned speakers, geek out on dentistry with similar minds, and join the camaraderie, all with America's playground as your backdrop.

In this Feature

44 Get Social

Townies love to have fun. Pencil in these events on your calendar.

45 Schedule/The Line Up

TownieTalks, workshops, breakout sessions and CE credits. We've got it all here for your perusing.

54 Exhibit Hall

All your favorite companies and products in an intimate environment. See who's going to be there.

60 Logistics Q&A

Wondering where to stay or about cost of attendance? We've got you covered.
