As clinicians, we’re always trying out new products and equipment. And before we buy, we will almost always gauge what to purchase based on what colleagues and key opinion leaders use. Unfortunately, it isn’t very often we actually get to see other dentists’ or specialists’ tray set ups. Here, we make it easy for you. In this installment of “What’s On Your Tray?” Dentaltown Magazine takes a close-up look at two of your colleagues’ prep and impression/crown and bridge tray set ups – these include the tools they love, the instruments they can’t practice without and the brands they prefer.
Christopher D. Ramsey, DMD
Ritter & Ramsey General and Cosmetic Dentistry • Jupiter, Florida

Dr. Ramsey was raised and currently practices in Jupiter, Florida. His practice focuses on comprehensive aesthetic and restorative dentistry. He received his dental degree from Temple University School of Dentistry in Philadelphia, Pennsylvania, in 1999. Dr. Ramsey is an accredited member of the American Academy of Cosmetic Dentistry and is also an alumnus of the Pankey Institute in Key Biscayne, Florida.

Dr. Ramsey is on the editorial review boards for the AACD Journal and the Journal of Implant and Restorative Dentistry. He also has the unique opportunity to lecture nationally and internationally on cosmetic dentistry and the elements needed to create a successful aesthetic based practices. Dr. Ramsey takes more than 200 hours of continuing education each year to stay on the cutting-edge of cosmetic dentistry, which is a rapidly changing profession. He is a past president of the Florida Academy of Cosmetic Dentistry.

Thank you to everyone who submitted your tray setups for our crown and bridge category!
