

# What Is Dentaltown?

Join the largest  
online dental community  
and get access to a wealth  
of free resources and  
networking opportunities

## Never Practice Alone Again!

Dentaltown is a community—the largest dental community in the world, now with more than 230,000 members registered. The best part? Everything is completely free for students, residents and new graduates.

Consider Dentaltown your sounding board among your peers—and only your peers; Dentaltown is a private community of dentists and dental professionals. That means you can talk about everything, such as recommended root-canal techniques, favorite whitening products, how to handle the everyday troubles faced in a dental practice, or even your last CrossFit workout.

Many members who meet on Dentaltown become lifelong friends—and enjoy the benefits of being a “Townie.”

One of those great benefits: When you join our free community today, you’ll receive a free subscription to our monthly *Dentaltown* print edition. (Just one of our gifts to you.)

## Joining Is Free and Easy!

Register for your free Dentaltown membership by following these easy steps:

1. Visit **[dentaltown.com/register](https://dentaltown.com/register)**.
2. Complete your six-step registration. (Be sure to opt in for your free subscription to *Dentaltown* magazine in Step 5.)
3. Confirm your account by responding to the email we’ll send.

Dentaltown is an *exclusive community for dental professionals only*. New accounts go through a verification process that takes 24 to 48 hours.

# Now That You're A Member,

## Message boards

Share your own clinical cases—or post questions, because new dentists (and seasoned dentists) all have them! See a case you think is impressive? Tell the original poster. Or maybe you just need to vent after a particularly hard day at the office. On Dentaltown's message boards, you have the chance to do all of this. How much personal information you share with members is entirely up to you. You can also subscribe to or follow particular topics, and receive alerts the moment someone comments on them.

## Mentorship program

The Dentaltown Mentorship Program offers mentees an opportunity to develop business contacts, increase their professional knowledge and benefit from valuable resources. Join the mentorship program today!

## Groups

Whether you have a study club or class project, you can create your own public or private group on **dentaltown.com** to organize content with a particular theme.

## Continuing education

Dentaltown has more than 400 quality online courses for dental professionals, as well as additional CE courses in many print issues. We offer educational videos, courses, e-books and live webcast events (all free for students and residents) in a variety of categories, including:

- Implantology
- Endodontics
- CAD/CAM
- Oral surgery
- Practice management
- And more!

## Classified ads

Consider this the spot to post your résumé or scout out available positions across the U.S., even if you haven't yet landed a job out of school. The classified pages are like a dental-exclusive Craigslist.

# Check Out Your Community!

It's like accessing  
clinical and business information  
from thousands of experienced dentists.

## Townie Meeting

Townie Meeting is an annual dental meeting focused on top-notch

education, great entertainment and a wealth of networking opportunities. Starting in dentistry is intimidating and can feel very solitary. Becoming a part of the camaraderie of Townie Meeting can do wonders for your professional career and confidence.

Registration includes access to all lectures and sessions, the exhibit hall, complimentary meals, nightly social events and open bars. You won't want to miss out on dentistry's best annual get-together!

Next year's events will mark the first time Townie Meeting takes a detour to sunny Orlando, Florida, and takes place April 11–14, 2018. Attendees will be staying at the Hilton Bonnet Creek Resort right next to golf courses, amazing restaurants, extravagant pools, Disney World and more.

>> Register by **Dec. 31** to save big with *Early Bird* pricing!  
Learn more at [towniemeeting.com](http://towniemeeting.com).

## Download the app

Get everything Dentaltown has to offer, in the palm of your hand! Access articles, podcasts, forums and more on Android and IOS devices.
