3D Endo™
Software

Now you can see
what you used
to only feel.

Try it for **FREE!**

Download our free trial demo version
directly from 3DEndo-na.com/freetrial

3D Endo™ is the first CBCT¹-based software designed to improve endodontic treatment planning for more predictability.

Designed to improve treatment quality

- Isolate the tooth of interest
- Clearly visualize the tooth anatomy in 3D²
- Identify all canals²
- Anticipate risky areas²

Call 1-800-662-1202 or visit 3DEndo-na.com

¹ Cone Beam Computed Tomography
² Depending on scan quality and resolution. See Technical Specification and website for details (3oendo-na.com).
Rx Only. ©2018 Dentsply Sirona, Inc. Rev.0 02/18
3D Endo™ not available in Canada.
