

August de Oliveira, DDS

Encino, California

August de Oliveira is the author of "Implants Made Easy," a book geared toward starting your first implant. He has just released, "Guided Implantology Made Easy," a book on the basics of guided implant surgery. Dr. de Oliveira has lectured nationally on cone beam technology, dental implants and CAD/CAM technology. He has been a software beta tester for Sirona, Blue Sky Bio, Anatomage and Implant Direct. He is currently a moderator and regular contributor to Dentaltown.com's Implantology and Mini Implants Forum. Dr. de Oliveira practices general dentistry in Encino, California. To find out more about implants and Guided Surgery, go to www.implantsmadeeasy.com.

What's on Your Implant Tray?

As clinicians, we're always trying out new products and equipment. And before we buy, we will almost always gauge what to purchase based on what colleagues and key opinion leaders use. Unfortunately, it isn't very often we actually get to see other dentists' or specialists' tray set ups. Here, we make it easy for you. In this installment of "What's On Your Tray?" *Dentaltown Magazine* takes a close-up look at two of your colleagues' implant tray set ups – these include the tools they love, the instruments they can't practice without and the brands they prefer.

Dan Holtzclaw, DDS, MS

Lone Star Periodontics & Dental Implants • Austin, Texas

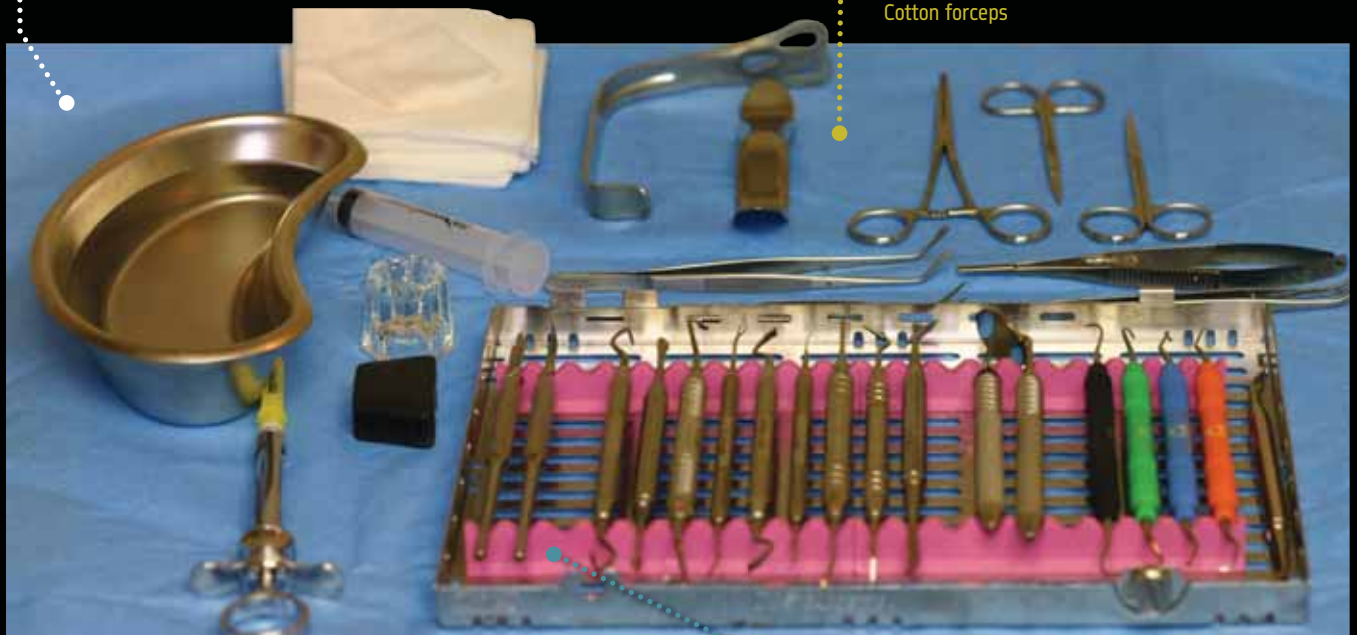

Dr. Dan Holtzclaw is a native Texan, raised in Humble and Midland, Texas. After attending Texas A&M University, he graduated with honors from the University of Texas Health Science Center at San Antonio and was commissioned as an officer in the United States Navy. While in the Navy, Dr. Holtzclaw attained the rank of Lieutenant Commander during 12 years of service at duty stations all over the world. During this time, Dr. Holtzclaw completed a one-year General Practice Residency (GPR) at Naval Medical Center Portsmouth, Virginia and an additional three-year residency in periodontics at the National Naval Medical Center ("The President's Hospital") in Bethesda, Maryland. Dr. Holtzclaw finished his naval career as the periodontist for the world famous U.S. Navy Blue Angels flight demonstration team.
