

TOWNIE CHOICE AWARDS 2019

TOWNIES HAVE SPOKEN!

The results are in!

Earlier this year, *Dentaltown* readers voted in droves for their favorite products, services and equipment—the elements that make their lives easier, their practices more productive, and their staff and patients happier. Over the next 14 pages, we'll spotlight the winners who earned top honors for 2019 in 10 major categories. A hearty congratulations to all!

If you already use these products in your practice, you can feel great knowing that you share your peers' passion for finding the most effective ways to improve your patients' experience. And if you're looking for a better product or service, you can see what other docs have chosen as their raving favorites.

FREE FACTS, circle 28 on card

HANDPIECES: AIR-DRIVEN HIGH-SPEED

KaVo Kerr: Mastertorque

The patented design of KaVo Kerr's Mastertorque offers great access and visibility, especially in the posterior, while the well-balanced turbines create whisper-quiet operation. The addition of direct stop technology stops the bur in seconds, increasing efficiency and safety during treatment.

VOTES: 157 OF 1,007

FREE FACTS, circle 29 on card

HANDPIECES: AIR-DRIVEN LOW-SPEED

DentalEZ Integrated Solutions: StarDental Titan 3

Titan 3 low-speed handpieces from StarDental provide comfort and performance. The balanced, ergonomic design helps reduce operator fatigue while offering flexibility with a 100–20,000rpm range capacity and the option of lube-free and lubricated. Information: dentalez.com

VOTES: 139 OF 1,003

FREE FACTS, circle 31 on card

HANDPIECES: ELECTRIC HIGH/LOW-SPEED

KaVo Kerr: Mastermatic

With the introduction of Mastermatic handpieces, KaVo Kerr offers a comprehensive electrics upgrade system. The product provides clinicians with a great solution for synchronized efficiency, because it incorporates a short, lightweight motor, a reliable triple-gear system and the company's smallest head size for improved access and visibility.

VOTES: 96 OF 1,012

FREE FACTS, circle 30 on card

LASERS: DENTAL

AMD Lasers: Picasso Plus/ Picasso Lite Plus

The Picasso laser was designed with the dentist and hygienist in mind while offering the necessary capabilities for experienced practitioners looking to create masterpiece smiles. Picasso Soft-tissue diode lasers provide effective, practical and affordable solutions for dental procedures. For more information and a full list of FDA-approved procedures, visit amdlasers.com.

VOTES: 136 OF 1,006

OPERATORY EQUIPMENT

A-dec

Since 2003, Dentaltown's community of dental professionals has named the industry's top dental products through the Townie Choice Awards. Townies voted for A-dec's operatory equipment, which includes patient chairs, delivery systems, dental furniture, dental stools and operatory lights. Once again, A-dec is honored by the recognition.

VOTES: 388 OF 996

FREE FACTS, circle 35 on card

SUCTION EQUIPMENT: SUCTION SYSTEMS

Air Techniques: VacStar

Air Techniques continues to make reliable, efficient wet-ring dental evacuation systems. VacStar performs while using less water and maintaining a space-saving, compact design. Each VacStar comes with a five-year limited warranty for unlimited hours—the best of its kind in the industry.

VOTES: 202 OF 1,014

FREE FACTS, circle 36 on card

RESTORATIVE DENTISTRY

BONDING AGENTS

3M Oral Care: Scotchbond Universal Adhesive

3M Scotchbond Universal Adhesive is a single-bottle solution that offers a one-step, one-coat, 35-second application—without compromising strength. It can be used in all etching techniques, including total-etch, self-etch and selective-etch, in direct and indirect applications and on all dental surfaces, without any extra primer.

VOTES: 191 OF 1,005

FREE FACTS, circle 37 on card

COMPOSITES

3M Oral Care: Filtek Supreme Ultra Universal Restorative

Bring aesthetics and strength to every restoration—anterior or posterior—with 3M Filtek Supreme Ultra Universal Restorative. 3M's true nanotechnology provides superior wear resistance and gloss retention ... so restorations will last and look beautiful.

VOTES: 209 OF 999

FREE FACTS, circle 38 on card

COMPOSITES—BULK FILLING

3M Oral Care: Filtek One Bulk Fill Restorative

Designed for the posterior, 3M Filtek One Bulk Fill Restorative's unique optical properties and improved opacity give clinicians the simplicity of one-step placement—up to 5mm—without compromising aesthetic results.

VOTES: 187 OF 1,004

FREE FACTS, circle 39 on card

DENTIN DESENSITIZER

Kulzer: Gluma

Gluma Desensitizer has been used in more than 50 million restorations worldwide for preventing and eliminating hypersensitivity. One drop of Gluma is all that's needed for fast, effective results. No mixing, no curing and no repetitive steps. Also available in a unique green gel.

VOTES: 267 OF 1,015

FREE FACTS, circle 40 on card

RESTORATIVE DENTISTRY

GINGIVAL RETRACTION MATERIALS

Ultradent Products: Ultrapak Retraction Cord

Ultradent's Ultrapak cord is formed by thousands of tiny loops that create long, interlocking chains. When packed, the loops compress to express hemostatic astringent to underlying tissues. The cord continues to exert a gentle continuous outward force as the loops begin to expand, keeping the cord in place.

VOTES: 315 OF 998

FREE FACTS, circle 41 on card

GLASS IONOMERS

GC America: GC Fuji II LC

GC Fuji II LC is a light-cured glass ionomer restorative with outstanding flexural strength and bond strength to teeth even in presence of saliva. GC Fuji II LC's aesthetics, simplicity and economy make it an ideal choice for Class V restorations, cervical erosions or abfraction lesions, and as a liner/base.

FREE FACTS, circle 46 on card

PROSTHODONTICS

BURS: DIAMOND

Brasseler USA: Peter Brasseler Series

A market leader in the industry, Peter Brasseler Series diamonds from Brasseler USA provide a stellar balance between smoothness, cutting efficiency and longevity. Each diamond is manufactured using a proprietary diamond selection and bonding process.

VOTES: 271 OF 1,006

FREE FACTS, circle 47 on card

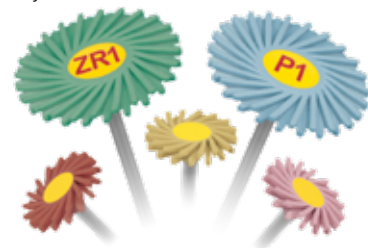

BURS: FINISHING AND POLISHING

Brasseler USA

A market leader in the industry, Brasseler USA's finishing and polishing instruments provide solutions for most polishing needs including ceramics, composites, acrylics and metal. The Brasseler USA Dialite family of polishers now include Dialite Feather Lite, for nearly any material to efficiently and quickly reproduce smooth, polished surfaces.

VOTES: 304 OF 999

FREE FACTS, circle 48 on card

PROSTHODONTICS

CEMENTS: PERMANENT

3M Oral Care: RelyX Luting Plus Automix

Convenient, versatile and easy-to use 3M RelyX Luting Plus Cement eliminates hand mixing while offering better bond strength than conventional glass ionomer luting cements. This formula is suitable for a wide range of everyday applications, including PFMs, metal and pediatric crowns, and zirconia restorations.

VOTES: 217 OF 994

FREE FACTS, circle 49 on card

CEMENTS: TEMPORARY

Kerr: Temp-Bond, Temp-Bond Clear, Temp-Bond NE

Temp-Bond is a temporary cement for trial cementing restorations or cementing temporary crowns and bridges. Temp-Bond withstands mastication, seals the temporary restoration and prevents seepage, yet affords easy removal when desired. Temp-Bond NE is a non-eugenol temporary cement and Temp-Bond Clear with Triclosan is a translucent provisional cement.

VOTES: 371 OF 1,005

FREE FACTS, circle 50 on card

CORE MATERIALS: DUAL CURE

DMG America: LuxaCore Z Dual

LuxaCore Z Dual is the next generation of core material from DMG that cuts like natural dentin. With added zirconia filler using DMG's patented nanotechnology, LuxaCore Z Dual has impressive compressive and flexural strength, and enhanced flowability for smooth handling, releases fluoride and works effectively as a single-step post cement.
