Dental Floss

PROCTER & GAMBLE: ORAL-B GLIDE PRO-HEALTH CLINICAL PROTECTION FLOSS

Oral-B Glide Pro-Health Clinical Protection Floss is clinically proven to help reverse gingivitis in two weeks as part of a comprehensive dental health routine. This shred-resistant floss invigorates gums and slides up to 50 percent more easily in tight spaces versus the leading floss, while protecting against cavities and bad breath.

Dental Floss: Floss Threaders

PROCTER & GAMBLE: ORAL-B SUPER FLOSS

Oral-B Super Floss is ideal for cleaning braces, bridges and wide gaps between teeth. Its three unique components—a stiffened-end dental floss threader, spongy floss and regular floss—all work together for maximum benefits. Oral-B Super Floss allows for easy flossing under appliances, cleaning between wide spaces and removing plaque under the gumline. Super Floss comes in convenient, premeasured strands.

In-Office Topical Fluoride: Varnish

3M ORAL CARE: VANISH 5% NaF WHITE VARNISH

Vanish 5% NaF White Varnish is an optimized, clear varnish with an extended release of fluoride, calcium and phosphate—up to 24 hours. It is formulated to stay in contact with the teeth longer, for effective and advanced protection. It deposits strong acid-resistant mineral on tooth surfaces, including dentin tubules, to relieve hypersensitivity.

Pit and Fissure Sealants

3M ORAL CARE: CLINPRO SEALANT

Clinpro Sealant's unique patented color-change technology makes sealant application easier than ever. This fluoride-releasing sealant goes on pink and cures to a natural white. Applied with a convenient ultra-fine syringe tip, its low-viscosity formula flows easily into pits and fissures, yet is viscous enough to stay in place during application.

Toothbrushes: Power
PHILIPS ORAL HEALTHCARE: SONICARE/SONICARE FLEXCARE

Philips Sonicare FlexCare Platinum Connected is the latest innovation from the top dental professional-recommended power toothbrush brand in the United States. The product uses Bluetooth wireless technology to connect to an app that tracks brushing in real time and reveals trouble spots, ultimately guiding patients to a complete clean even when they're out of the dental chair. Unique Smart Sensor technology specifically tracks brushing location, scrubbing and pressure and alerts patients to change their behavior. The Touch Up feature even tells patients the spots they missed after brushing, and data stored in the handle makes it easy to use the technology and monitor brushing habits even without the phone in the bathroom.
