

# Scheduling Institute & The Practice Growth Institute

## Championing private practice growth since 1997

**F**or 29 years, Scheduling Institute and The Practice Growth Institute have helped private practice owners grow stronger, more profitable businesses that can be sold for maximum value. Together, they have served more than 11,727 private practice owners and delivered more than 36,917 coaching, consulting, and in-office training experiences.

The Scheduling Institute remains a go-to resource for practices looking to increase new patient volume, elevate the patient experience, and grow revenue through industry-leading training and coaching programs. With guaranteed results of 10–40% growth in 90 days with no additional marketing required, Scheduling Institute continues to help practices convert more callers into new patients and maximize every growth opportunity.

Building on the foundation of a practice's growth, The Practice Growth Institute helps independent practice owners develop stronger leadership, stronger teams, stronger systems, and more valuable businesses. Through coaching, workshops, and consulting, PGI helps doctors increase collections, improve profitability, elevate their income, and scale beyond owner dependency.

PGI coaching members consistently outperform industry benchmarks, often achieving higher

collections, stronger profitability, elevated incomes, and greater practice value through proven systems for leadership, accountability, and growth.

Together, Scheduling Institute and The Practice Growth Institute provide a complete growth pathway—from attracting and converting new patients to building a thriving, scalable practice that creates lasting wealth and freedom.

This commitment to helping private practice owners succeed has earned Scheduling Institute recognition as a Townie Choice Award winner in the Consultants & Advisors category for 16 consecutive years.
