

POWER SCALERS

Dentsply Sirona Hygiene: Cavitron 300 Ultrasonic Scaling System

The Cavitron 300 is Dentsply Sirona's most efficient system ever—producing less heat than other Cavitron units, which means less water and better patient comfort. The low-profile design provides improved space management within the operatory.

SEALERS

Brasseler USA: EndoSequence BC Sealer

BC Sealer is a patented premixed root-canal sealer utilizing bioceramic nanotechnology. This highly radiopaque and hydrophilic sealer forms hydroxyapatite upon setting and chemically bonds to both dentin and to EndoSequence bioceramic points. BC Sealer is antibacterial during setting because of its highly alkaline pH. And unlike traditional sealers, it exhibits zero shrinkage.
