BURS: DIAMOND

Brasseler USA: Peter Brasseler Series

A market leader in the industry, Peter Brasseler Series diamonds provide a stellar balance between smoothness, cutting efficiency and longevity. Each diamond is manufactured using a proprietary diamond selection and bonding process. *[Editor's note: Brasseler's entire diamond bur range earned it the win in this category.]*

CEMENTS: PERMANENT

3M Oral Care: RelyX Luting Plus Cement

Convenient, versatile and easy-to use, RelyX Luting Plus Cement eliminates hand mixing while offering better bond strength than conventional glass ionomer luting cements. This formula is suitable for a wide range of everyday applications, including PFMs, zirconia restorations, and metal and pediatric crowns.

CEMENTS: TEMPORARY

Kerr: Temp-Bond, Temp-Bond NE, Temp-Bond Clear

Temp-Bond is a temporary cement for trial-cementing restorations or cementing temporary crowns and bridges. Temp-Bond withstands mastication, seals the temporary restoration and prevents seepage, yet affords easy removal when desired. Temp-Bond NE is a non-eugenol temporary cement and Temp-Bond Clear with Triclosan is a translucent provisional cement.

CORE MATERIALS: DUAL CURE

DMG: LuxaCore Z Dual

LuxaCore Z Dual is a trusted, market-leading core material from DMG that cuts and bends like natural dentin. With added zirconia filler using DMG's patented nanotechnology, LuxaCore Z Dual has impressive compressive and flexural strength, and enhanced flowability for smooth handling. It also releases fluoride and works effectively as a single-step post-cement.

DENTURE RELINE MATERIALS

GC America: Coe-Rect/Coe-Soft

Coe-Rect is a self-curing rigid denture liner for permanent hard relines and repairs that clinicians can complete chairside. The material mixes within 30 seconds and has a 10-minute cure time. Coe-Soft is a resilient, self-curing reline material that's used when patients require a soft, temporary liner in their upper or lower dentures. Coe-Soft polymerizes in or out of the mouth in approximately 15 minutes.
