## DENTAL HYGIENE & PERIODONTICS

### HAND INSTRUMENTS: CURETTES & SCALERS

#### HuFriedyGroup

HuFriedyGroup has a long history of delivering innovative products and technologies that move the dental industry forward. Harmony ergonomic scalers and curettes, a scientifically proven ergonomic hand-scaling solution, and EverEdge 2.0 technology highlight the best-in-class instrument portfolio HuFriedyGroup offers, helping clinicians be the best in practice.

**TG'S TAKE:** "Hygienists love the precision they can achieve with hand instruments from HuFriedyGroup. In my office, the EverEdge 2.0 scalers are a favorite because they require less frequent sharpening and the ergonomic handle is much more comfortable to use. The Implants II line of implant scalers is also worthy of your attention."
