

PROSTHODONTICS

LABORATORY: DENTAL

Glidewell

Glidewell is one of the world's leading manufacturers of custom restorative services, dental materials and technologies. Founded in 1970 in Orange County, California, the company is dedicated to developing innovations that simplify treatment, optimize results and improve more lives. Thank you, Townies, for choosing Glidewell.

**MULTIYEAR
WINNER**
since 2003

TG'S TAKE: *"It may be no surprise that the biggest lab in the country has been a multiyear winner. I'll direct you to my column in the September 2023 issue of Dentaltown magazine, where I shared my recent experience of a tour on the Glidewell campus in California. (Head to dentaltown.com/magazine.) Beyond the business of providing lab services, Glidewell has been steadily growing its continuing education offerings with a large facility dedicated to hands-on learning at its headquarters."*
