

## OFFICE EQUIPMENT

## OPERATORY EQUIPMENT (INCLUDES CABINETRY, CHAIRS, STOOLS, LIGHTS AND DELIVERY SYSTEMS)

**A-dec: A-dec Equipment**

A-dec is honored that Townie readers consistently name A-dec equipment their preferred choice, year after year. With thoughtful designs and reliable performance, dental teams can enjoy better workflow, efficiency and comfort. From dental chairs and delivery systems—to dental

furniture and lights—to full sterilization centers, our focus will always be on making the best better.

**TG's Take:** *A multi-year winner, A-dec has set the gold standard in operatory equipment for decades, built on a family legacy of excellence and innovation. Their durable, ergonomically designed products keep practices running smoothly day in and day out. A-dec's commitment to quality ensures a better experience for both clinicians and patients.*

## ORTHODONTICS

## ORTHODONTIC SYSTEMS (NON-ALIGNER)

**Fastbraces**

Fastbraces is the orthodontic technology company that helps dentists move teeth fast, in as little as 60–90 days. Fastbraces uses a patented method for restoring the proper morphology of the alveolar bone through immediate root uprighting with the wire flexibility provided by unique and innovative brackets.

**TG's Take:** *A new winner, Fastbraces meet the growing demand from patients eager for quicker, effective solutions to enhance their smiles. With a unique approach to orthodontics, they're designed to reduce treatment time while providing outstanding results. As patients prioritize faster treatments, Fastbraces is stepping in to meet the need.*
